Directions:
Print the mask out on
card stock at 100% (or print
on regular printer paper and
glue to heavier paper for a
sturdier mask) and color it as you'd
like. You can add yarn, glitter, paper
fringe, decorative feathers or other elements,
too. Once you're happy with your mask, cut out
the mask and the eye holes. Punch holes on each side
for ribbon to hold mask in place. Cut a length of elastic
cording or ribbons to fit around your head, leaving at least
6 inches extra. Thread the cording through each hole, and tie off on
each side. Now you're ready to wear your new mask. Enjoy!
